AT THE JANUARY MEETING

We have started the New Year with a good report from our director. The Holiday show was well received, proving the additional days worthwhile.

The potential of our newly acquired computer was discussed, leading to the outlining of our membership campaign which needs to be in the early planning stage this month. With everyone's cooperation, we will spread the task to many hands and lighten the work.

Early in '94, we hope to have an Associate Member Coordinator. This is a long neglected area of emphasis and is a vital part of our continued success.
